Wednesday, 9th July, 1902.

FIFTY=FIFTH ANNUAL REPORT.

YOUR Committee have pleasure in presenting their Annual Report of the Institution for the year ended 31st March, 1902.

Numbers Benefited. The objects of the Institution are very far reaching, its benefits being extended to all classes of blind persons. For the young it provides one of the largest schools in the country; for the able-bodied, extensive workshops; and for the aged and infirm, a Home Visiting Branch. During the past year 605 blind persons of varying ages have profited by its operations. This number is made up as follows:—

Resident Pupils	127
Day Pupils	10
Teachers	11
Day Workers	61
Traveller	1
Middlemore Trust Beneficiaries	19
Clerk	1
Porters	2
Under Nurse	1
Adult Blind	372
Total	<u>605</u>

Alterations. Several structural and other alterations have been made, among them being provision for an Officers' Dining Room, the fitting up of what was originally an Osier Store Room as a Warehouse for finished goods, and the interchange of the Bristle Warehouse for the Pan Shop—the last named is now a very suitable room,

accommodating 12 men and fitted with a proper system of forced ventilation—a matter of great importance in all properly equipped Pan Shops. The Girls' School Room has also been re-furnished.

Health. Your Committee are thankful to report that there has been a remarkable immunity from sickness. Notwithstanding the prevalence of infectious diseases in the district, there has not been a single case among the pupils. To the Hon. Medical Officers, Dr. Rickards and Dr. Scurrah, the Hon. Ophthalmic Surgeon, Mr. Priestley Smith, and the Hon. Surgeon Dentist, Mr. W. H. Bowater, the Committee again tender sincere thanks for their kind watchfulness over the health of the pupils.

Education. The education of the Pupils has been carried on with the same, if not greater, efficiency than in previous years, and the Teachers, both in School and Workshop, deserve the highest praise for their persistent and self-denying efforts to place the Blind on an equal footing with the Sighted. Your Committee are convinced that the public generally realize but vaguely what labour is entailed in the attempt to accomplish this. The report of H.M. Inspector of Schools, Dr. Airy, speaks for itself, and the Committee commend it to the careful consideration of the friends of the Institution. It is as follows :—

“The instruction, both of the boys and of the girls, has
 “evidently been carried out with the same industry and in-
 “telligence on the part of the staffs as in former years ; indeed
 “improvement is noticeable in more than one respect. I was
 “much pleased with the state of the youngest children ; their
 “recitation was very nicely said, and their singing was really
 “refined and tasteful ; the teaching of the elementary subjects
 “and manual occupations has been successful. The boys and
 “girls, almost without exception, look remarkably healthy, and
 “appear very happy. The new Matron evidently takes a deep

"and successful interest in their welfare. The domestic arrangements of the Institution appear quite satisfactory. The singing of the trained choir was of high merit. The physical exercises and musical drill were done with great precision, and the gymnastic work of the boys does credit to the instructor. It is greatly to the credit of the administration that, in spite of a heavy and increasing deficit, the Committee have not held their hand as regards any improvements which seemed desirable. The workshops are carried on in the former effective manner, though—from economic causes which are unavoidable,—there is at present no profit to be made on the work done."

The maximum Grant obtainable was received and amounted to the sum of £385.

The religious education of the pupils still receives the careful attention of your Committee, and as a result it is gratifying to report there is every reason to believe that a high moral tone prevails in the Institution.

Miss Edith M. J. Jones, one of the Teachers of the Institution, has during the year been awarded the Teachers' Exhibition of £32 per annum for two years, for having taken the first place in the examination of the Board of Education in "Hygiene" at the Midland Institute. She also obtained First Class Certificates and the Roxburgh Prizes in "English Literature" and "English History" at the same Institute. Miss Jones is totally blind.

Music. The study and practice of Music have been followed with success under the Head Music Master, Mr. A. R. Gaul, Mus. Bac., every advantage having been afforded to all pupils who evince marked aptitude in this subject. A course of Lectures on Acoustics—a very valuable and necessary subject for study in this department—has been given by Mr. P. C. Coultas, A.R.C.S.

The Model Organ referred to in the last Report has now been completed, and most generously presented to the

Institution by Mr. Walter J. Bird, Strad Organ Works, Birmingham, the pipes being the gift of Gardner's Trust for the Blind. This instrument is of historic interest, as containing the keys, and a large portion of the parts of an organ used by Mendelssohn, but apart from this is of considerable intrinsic value. It is built in skeleton form, and so constructed that its parts can be handled by the Blind Students, to whom it must prove most useful.

During the year, Alfred Harris passed the Examinations of the Associated Board of the Royal Academy of Music and the Royal College of Music, in "The Rudiments of Music" and "Pianoforte" (Senior Grade); this success reflects great credit upon his teacher, Mr. H. E. Platt.

Tuning. In the Pianoforte Tuning Department steady progress has been made, and your Committee have every reason to be well satisfied with the training the pupils receive and the success they meet with when that training is completed, and they go forth into the world to earn their own livelihood. They again acknowledge the kindness of Messrs. W. S. Riley & Son, 100, Corporation Street, Birmingham, in allowing the senior pupils to practise the tuning and repairing of instruments in their show rooms and workshops. This firm has also in the past year engaged William S. Poultney, one of the pupils of the Institution, as an outdoor tuner,—a very creditable position for a young man to hold. An attempt has recently been made to teach blind girls to tune, with most satisfactory results, reflecting great credit upon the Tuning Master, Mr. A. G. Egan.

Successful Pupils. Your Committee are pleased to report that during the year the following Blind Pupils who have completed their training have been successfully started in life :—

- William J. Brook.* Learned Pianoforte Tuning and Vocal Music. Fully qualified as a Tuner and Teacher of Voice Production and Singing. While at the Institution, Brook received a course of lessons from the well known London Voice Trainer, Mr. William Shakespeare, who has given him an [excellent testimonial.
- William S. Poultney.* Learned Pianoforte Tuning, and is now employed as an "Out-door" Tuner by Messrs. W. S. Riley & Son, 100, Corporation Street, Birmingham.
- Edith Grace Wood.* Learned Vocal and Instrumental Music, and Shorthand and Typewriting. Now employed as a Correspondence Clerk by Remington Typewriter Co.
- Alexander Letchford.* Learned Shorthand and Typewriting, which he now practises on his own account, in connection with a Tobacconist's and News Agency business.
- Selina Maley.* Learned Basket making, and is now employed as a Day Worker in the Institution Workshops.
- Alfred Cooper.* Learned Basket making, and was employed for six months in the Institution Workshops; he was then transferred to the Wolverhampton Workshops for the Blind, near his own home.
- George J. Brown.* Learned Basket making, and is now employed as a day worker in the Institution Workshops.

Of the remainder who have left during the year, Louisa Huckfield may be classed as only partially successful, her health being very unsatisfactory, Eliza A. Foulkes was withdrawn before her training was completed, Ernest T. Warner and Fred. G. Trivitt were removed on account of ill-health, and William J. Reynolds because of his incapacity.

Since the issue of the last Report great efforts have been made to raise £20,000 to purchase land and build and equip the Kindergarten School. On 31st March last, the amount received or promised amounted to £8,919 2s. 4d., including a most generous promise of £1,500 from Gardner's Trust for the Blind—conditional upon £15,000 being raised and paid before 31st December, 1902.

The Committee much regret that although strenuous efforts have been put forth, the amount falls very far short of the stipulated sum, and it is greatly to be feared that unless many generous friends come forward before the close of the year, £1,000 or at least £500 of the sum promised by Gardner's Trust will be forfeited. The Committee appeal most earnestly to those friends who have not yet responded, to do so. The case of these little children for whom they plead is extremely pitiable, and but for the training such Schools alone can give, their case would be all but hopeless.

To those friends who have so generously contributed to this Fund, your Committee offer their cordial thanks.

Plans of the buildings have been prepared by Messrs. J. A. Chatwin & Son, and approved by the Board of Education. Tenders are now being obtained from firms of builders.

Mr. A. V. Golding (himself Blind) has been appointed to canvass for Donations to this Fund.

Middlemore Trust. The funds of The Richard Middlemore Trust have again been most useful in assisting 19 blind persons, who have been trained in the Institution, when commencing to earn their own livelihood.

Trade. The sales for the past year amounted to £6,267, being an increase of £359 over any previous year, while the amount paid to the blind workers has risen from £1,499 to £1,753. This is very gratifying, inasmuch as the Trading Department is carried on for the purpose of enabling blind persons to honourably maintain themselves, instead of being a burden to others. The Committee appeal most earnestly to the public to help the Blind to help themselves by purchasing the goods they make. There are now a

number of able bodied blind men and women on the waiting list, who appeal for employment, but this cannot be given until the sales show a very substantial increase. It should be mentioned that in consequence of the serious epidemic of fever prevailing in the city for many months past, it was deemed advisable not to hold the usual Annual Concerts and Sales of Work. If these had been held the sales would probably have totalled £160 more than they do, this being the amount received last year.

The Typewriting Department, which has been removed to more commodious rooms in Temple Courts, Temple Row, is now on a much firmer basis than at any previous period. Employment is here provided for four blind women, while three other blind typists are in situations, thus from very small beginnings a few years since Typewriting and Shorthand have so developed that seven Ex-pupils are now earning a livelihood by them. Two young men, both efficient typists, and capable of writing over 100 words per minute in shorthand, are now ready for situations, and the Committee take this opportunity of asking those who employ typists to give them a trial when situations are vacant. In cases where blind clerks are required to be responsible for other clerical work besides shorthand and typewriting, they are ready and willing to engage the services of a smart boy or girl to assist them, and to pay such assistants out of their own earnings, thus those employing them will be as well served and at the same cost as if they had sighted clerks.

Public Demonstrations. As a means of making the Institution and its work known amongst the public, your Committee have on several occasions accepted invitations to give exhibitions of the work of the blind, and much interest has always been evinced by the visitors.

**Gardner's
Trust.**

Your Committee feel it a most pleasant duty to acknowledge the valuable assistance, pecuniary and otherwise, which is so constantly and readily tendered by the Committee of Gardner's Trust for the Blind, London, and their indefatigable Secretary, Mr. Henry J. Wilson. The figures and statements which appear in the Report represent but a small fraction of the benefits received by the Blind of the Midland district from this excellent Trust. But for the kind co-operation of this invaluable Society, your Committee could never have accomplished what they have been able to achieve.

Conference.

On April 22nd, 23rd and 24th last, an important Conference relating to the Blind was convened by the Committee of Gardner's Trust for the Blind, at the Hoare Memorial Hall, Church House, Westminster. The Institution was represented by the Rev. Canon Strange (member of Committee), Messrs. G. H. Cuming Butler (Hon. Secretary), John Main (Head Master), and Henry Stainsby (General Superintendent and Secretary). The Chairman and other members of the Committee who had purposed attending were unavoidably prevented from doing so. Mr. Myers, the Institution's blind stenographer, was appointed to take shorthand notes of the proceedings, a position which was characterized as unique by Lord Kinnaird on the opening day of the Conference. Among the Papers—all of an important and far reaching character—a very valuable one was contributed by your General Superintendent and Secretary, Mr. Henry Stainsby, on "Professions and Trades best adapted for the Blind, including those not usually practised, and the best means of helping the blind to carry on the trades for which they have been trained." The Conference was preceded by a Service at Belgrave Chapel, Halkin Street (the Incumbent of which,

the Rev. H. J. R. Marston, M.A., is blind), and was conducted entirely by those who are blind. On Friday, the 25th of April, a Grand Concert was held at Queen's Hall, Langham Place, given by the students of the Royal Normal College for the Blind and others, in the presence of their Royal Highnesses the Prince and Princess of Wales.

The work amongst the Adult Blind continues to be carried on with the same vigour as in former years. Although quiet and unobtrusive—indeed little known—it is nevertheless real and valuable, and the two Blind Visitors, Mr. Walford and Miss Beighton, deserve warm thanks for their zeal, displayed under the most trying conditions. Your Committee feel that it is no light thing for the Teachers to go daily from door to door, during all weathers, with heavy packages of books, in order that they may cheer and assist the Blind who reside in their homes. It is their lot not only to meet with blindness at every call, but often also suffering and poverty. The Teachers' visits are very much appreciated, and many evidences of gratitude for the alleviation of distress have been received.

The Committee will be glad to have the Secretary informed of any cases of blindness unknown to them. They are thankful to be able to state that the following new Pensions have been obtained during the past year:—

12 of £10 each, from Hetherington's Charity for the Blind.

1 of £10 from Gardner's Trust for the Blind.

2 of £5 each, from the Worshipful Company of Clothworkers.

It is noteworthy that the total amount received in pensions by the Blind Members of this Branch is now £619 per annum, and the whole is obtained from London Societies.

The Committee sincerely thank those ladies who have so kindly collected Subscriptions and Donations, and those who have assisted in providing clothing for needy members.

The funds of this Branch are still quite inadequate for its needs, the annual expenditure being on the average £141, whereas the income has been £76 only. The accumulated *deficiency* is £332 10s. 6d. The Committee again earnestly appeal for help for this especially charitable Branch.

Your Committee much regret to have to **Resignations.** record the resignation of three of their members, Messrs. Nathaniel Thompson, Geo. A. Panton, and Edward Barwell.

Mr. Thompson, who first joined the Committee in 1874, has during his time of office held the post of Hon. Secretary for ten years. He is reluctantly compelled to resign on account of failing health. Mr. Thompson always took the warmest interest in the Institution, and was most regular in his attendances at the Meetings of the Committee, where his long experience and kindly counsel have always been highly appreciated by his colleagues.

Mr. Panton was appointed a Member of the Committee in 1891, and for six years immediately preceding his resignation held the office of Hon. Secretary. His withdrawal from the Committee has been a distinct loss to the Institution he served so ably and so well.

Your Committee much regret that Mr. Barwell found himself compelled to retire on account of his inability to attend their Meetings with regularity.

Executive. Your Committee on the resignation of Mrs. Dove, appointed your Secretary, Mr. Stainsby, as General Superintendent and Secretary, a position for which his great knowledge of the Blind and his long and honourable connection with the Institution, dating from 1880, eminently qualify him. They gratefully acknowledge

his valuable services, both as the Head Official of the Institution, and as one whose abilities and great interest in the welfare of the Blind are recognised and are being used in a wider sphere than that of the Institution.

They further decided to dispense with the position of Lady Superintendent, and appointed Miss Brierley, the Matron, to undertake the additional duties which thus devolve upon her. Miss Brierley is giving every satisfaction in her more responsible post.

They cannot omit special reference to the excellent work of Mr. Main the Head Master, and Miss Cousins the Head Mistress, whose services to the Institution cover respectively periods of 26 and 11 years. To their ability and good influence the success and high tone of the pupils are greatly due.

To all members of the Staff the Committee tender their grateful thanks.

Legacies. The Committee gratefully acknowledge the receipt of legacies amounting to £3,241 13s. 4d. A list will be found in the accompanying Statements of Account for the past year.

Donations and Presents. The Donations amounted to £145 2s. 7d., including £50 from Mr. James Whitaker, £20 from Mrs. Heath, £15 5s. 0d. from Mrs. Hickman, £10 from the Daily Mail Christmas Tree Fund, and £5 5s. 0d. from the Birmingham Charity Sports. Among the presents received, in addition to the Model Organ previously referred to, should be mentioned two special Typewriting Machines for embossing literature for the blind, from Mr. William Harris of Eastbourne, to whom your Committee are greatly indebted for many valuable presents.

For these and the other gifts enumerated in the Report, the Committee tender their sincere thanks.

Finance. The finances of the Institution are still a source of great anxiety to your Committee. An adverse balance of £2,214 4s. 3d. is shown on the General Account, and an accumulated deficiency of £332 10s. 6d. on the Adult Blind Home Teaching Branch. Your Committee can make little or no headway with regard to the income of the General Fund, while special efforts are being made to raise the money necessary to establish the Kindergarten School. Moreover, the expenses in connection with the Kindergarten Fund have amounted to £523, which, in order not to cripple this Fund have been debited under various heads to the General Fund, and have therefore increased the adverse balance by that amount. The structural alterations charged under "Alterations and Repairs" have also considerably increased the debit balance. Omitting the extraordinary expenditure referred to, it is clear that unless the work is to be seriously hampered or curtailed, an additional income of £1,500 per annum must be forthcoming. The Committee again very earnestly appeal for increased support in the form of Subscriptions, Donations and Legacies. *Before* contributing, they suggest that friends should visit the Institution, in order that they may be convinced of the need for help, and be assured of the value of the work carried on for the amelioration of the condition of the Blind.

In conclusion, your Committee desire to recognise the good Hand of God in all that has been accomplished for the benefit of the Blind during the past 55 years, and they go forward in the fullest reliance upon Him, and in the confidence that the work which has been entrusted to them has His blessing and approval.

By order of the Committee,

EDWARD M. GOODMAN, *Chairman.*

CUMING BUTLER, *Hon. Secretary.*

GENERAL LAWS.

I. That the designation of this Establishment shall be "THE GENERAL INSTITUTION FOR THE BLIND."

II. That the object of the Institution shall be the instruction and employment of the blind of both sexes, some as boarders, others as day pupils: the instruction to include the daily reading of the Holy Scriptures, and all the employment to be of a useful character; and also the relief and assistance of the necessitous blind.

III. That the Institution shall be supported by Donations and Annual Subscriptions; by payments in behalf of the blind; and the profits arising from their industry.

IV. That the management of the Institution shall be entrusted to a Committee of not less than twelve gentlemen being Governors, together with the Chaplain (who shall be a Clergyman of the Church of England), the Trustees, the Treasurer, and the Hon. Secretary, who shall be ex-officio members.

V. That all annual Subscribers of one guinea and upwards, and all Donors of ten guineas and upwards, shall be Governors.

VI. That there shall be an Annual General Meeting of the Governors on such day as the Committee may appoint, to be convened by advertisement at least fourteen days previously, for the purpose of receiving the report of the Committee, passing the accounts, appointing the Officers and Committee for the ensuing year, and for transacting the general business of the Institution.

VII. That at such Annual General Meeting, Subscribers of one guinea a year, and Donors of ten guineas, shall be entitled

to one vote, and every additional contribution of equal amount shall entitle to an additional vote. No Governor whose subscription is in arrear shall be entitled to vote.

VIII. That the Committee shall meet once in every month, or oftener if necessary, and that three shall form a quorum.

IX. That the Committee shall have power to appoint Trustees; to make, alter, or repeal bye-laws, rules, and regulations for the admission, employment, and removal of the pupils; appoint and remove all teachers and servants, and pay such salaries, wages, and allowances as they shall think reasonable; they shall also have power to appoint any of the Governors to be Visitors of the Institution, and shall also have the management and application of the property, funds, yearly and other income.

X. That no purchase of land or premises, or any material alterations or additions be made to any building (beyond necessary repairs) without the sanction of the next Annual or a Special General Meeting of the Governors, to be convened for that purpose.

XI. That the moneys of the Institution may be invested in any investment for the time being authorised or sanctioned by the Court of Chancery or any Act of Parliament as an investment for trust moneys, or in the Debentures of any Company in England, incorporated by Act of Parliament, and paying a Dividend, or upon the Security of any County, Borough, or other Rates, authorised to be levied and mortgaged by any Act of Parliament, or in the Purchase or on Mortgage of Real Estate.

XII. That the Committee shall be empowered to call General Meetings of the Governors for Special purposes (when and as often as they shall think necessary), and shall also be

required to do so at any time on the request, in writing, of any ten Governors, stating the specific purpose of the said proposed Meeting; and ten days' notice, at least, of such Special General Meeting, and of the special object intended, shall be given, by public advertisement, in one or more of the Birmingham newspapers.

XIII. That there shall be family worship, including the reading of some portion of Holy Scripture, morning and evening, daily, in the Institution, at which all the boarders shall be required to be present. The prayers and portions of Holy Scripture to be read shall be appointed by the Chaplain, to whom the general regulation of the religious instruction of the pupils shall be confided.

XIV. That on the Lord's Day the pupils shall attend Public Worship of the Church of England twice, under the care of the Superintendent; but if any are Dissenters, they may, on proper application to the Committee, be permitted to attend their respective places of worship, provided that they are under the charge of some person appointed by their parents or guardians, with the approbation of the Committee.

XV. That any sick inmate, being a Dissenter, may, at his or her request, be visited by a Minister of his or her own denomination.

XVI. That no alteration of these laws shall be made at any Annual or Special General Meeting without the approbation of a majority, consisting of at least two-thirds of the Governors then present; nor without notice of the intention to propose such alterations having been given to the Committee one month previously, and that it shall be announced by them in the advertisement calling such Annual or Special Meeting.

INFORMATION RESPECTING THE ADMISSION OF PUPILS INTO THE INSTITUTION.

COMPULSORY EDUCATION OF THE BLIND.

Since the passing of the Elementary Education (Blind and Deaf Children) Act, 1893, all blind children between the ages of five and sixteen must attend a certified School for the Blind.

APPLICATION FOR ADMISSION.

Persons desiring a "Form of Application" should write to the Secretary. (A fac-simile of the "Form" will be found on pages 42 to 45 of this Report). When the "Form" is filled up it should be returned to the Secretary.

ELECTION OF PUPILS.

All Pupils are elected by the Committee.

QUALIFICATIONS.

Applicants are eligible for admission until twenty-one years of age, but preference is given to those under sixteen. They must either be totally blind, or not possessed of sufficient sight to be able to read the ordinary school books used by sighted children. They must also be free from bodily and mental defects which would prevent them receiving instruction, or from following some useful occupation.

HOLIDAYS.

There are holidays twice during the year, when all pupils are required to return to their homes: *viz.*—five weeks at Midsummer, and four weeks at Christmas.

The travelling expenses must in all cases be borne by those who are responsible for the payments.

By a concession of the Railway Companies, all blind pupils leaving Institutions for their Midsummer or Christmas holidays, and returning at the close of the vacations, are allowed to travel the double journey for single fare.

VISITING DAYS.

BOYS—First Saturday in the month, from 1.30 to 5 p.m.

GIRLS—Last Saturday in the month, from 1.30 to 5 p.m.

CHARGES.

A uniform charge of £5 5s. od. per quarter is made.

This payment *includes* board, lodging, education, and clothing after the first outfit, but is exclusive of travelling expenses.

All payments must be made in advance.

In case the parents are too poor to make the necessary payments for their child's education, application should be made to the Clerk of the School Board (or School Authority) for the district in which the child resides. The School Board is bound to take steps to educate the child by sending it to a Certified School until it reaches the age of sixteen. If the circumstances of the parents permit, the Board may demand from them a contribution towards the cost of their child's education. The Guardians of the Poor have powers to make the payments *after* the age of sixteen, and if the parents cannot afford to do so, application should be made to the Guardians.

N.B.—Although payments are made to the Institution towards the maintenance and education of the Blind, it must be clearly understood that *these are by no means sufficient for the purpose*, the remainder requiring to be supplied by the benefactions of the Charitable.

PREVENTION OF BLINDNESS.

ADVICE TO MOTHERS AND NURSES.

It cannot be too widely made known that many persons are blinded every year by diseases which are preventible and curable. The most destructive of these diseases is the *Ophthalmia of new-born infants*. Nearly one-third of the present Inmates of this Institution owe their blindness to this cause, and the same high proportion has been found in other schools for the Blind. It is not too much to say that in nearly all these cases the eyesight might have been saved by proper treatment at the commencement of the disease. The disaster usually arises through ignorance of the danger and consequent delay in obtaining medical treatment.

This form of Ophthalmia is due to the infection of the baby's eyes with irritating matter during or very soon after birth. About the third day after birth—sometimes earlier, sometimes a little later—the child's eyelids become red and swollen, and begin to discharge yellow matter. *This is the sign of danger*. Skilled medical advice should be obtained without a day's delay, and in the meantime the baby's eyes should be thoroughly and frequently cleansed in the following way:—

Place the baby on its back, with a cloth under the head; separate the eyelids gently with the thumb and finger, and with a bit of soft, clean rag drip warm water freely into the eyes, so as to wash away the matter as thoroughly as possible. Work the lids about gently over the eyes so as to bring the

matter out from underneath them, and do not be content till you have got it all away. Repeat this, in a bad case, at least every hour through the day, and every two hours through the night. In addition to this the drops or solution ordered by the medical man must be regularly and carefully used according to his directions. If this treatment be begun at once the eyes will probably be out of danger in a few days. If it be neglected they may be permanently blinded within a fortnight.

Caution.—The discharge is very catching. Be most careful that no particle of it finds its way to your own eyes. Burn every bit of rag after you have used it, and wash your hands thoroughly.

In Maternity Hospitals and similar Institutions for the help of women of the poorer classes, this disease was formerly very common. It has now been almost banished from such Institutions by the routine practice of dropping into the eyes of every infant, immediately after birth, one drop of a 2 per cent. solution of nitrate of silver. The non-infected infants are not injured in any way thereby, while the infected ones are saved from possible disaster. The general adoption of this practice, especially among the poorer classes, would undoubtedly diminish the number of persons blinded from birth to a very considerable extent.

PRIESTLEY SMITH,
Ophthalmic Surgeon to the Institution.
